

The Strengths Approach in EI

Dates: 26th & 27th July 2007
9.30 -4.00pm

The Strengths Approach in human services views service provision through a social justice framework. This training emphasises solution focused conversation techniques. It utilises person/family centred practice and develops skills, techniques and processes that focus the belief that change is more likely to be sustained and maintained if strengths and solutions are explored primarily from the client's perspective

- Day 1: Philosophy of 'Power With'
 Constraints to change
 Conversation of engagement
 Practice opportunities
- Day 2: Strengths-based skills, techniques and processes
 Solution-focused questioning
 Identifying exceptions and developing a future picture
 Discussion & practice using the participants' context
