

Our vision

To be the leading voice for professionals working with children and families in early childhood intervention (ECI).

Our purpose

We exist to promote best practice ECI services for every child and family by amplifying voices, leading with knowledge and driving transformative change.

Our values

Collaboration
Relationships
Stewardship
Equity

Building knowledge and capacity

We will represent the delivery of quality service, the provision of inclusion and equity through evidence-based practice.

Partnering for purpose

We will collaborate within our sector and beyond for sustainable, long-term solutions. We will lead to drive impactful change.

Advocacy and influence

We will advocate courageously with government, sector and community, supporting our workforce and the rights of children and families.

Membership value and growth

We will connect professionals and families to learn and gain knowledge, network and foster innovation and excellence in ECI practices.

Financial sustainability

We will work to source and diversify funding streams, and operate efficiently to ensure long term financial viability.
